Approved For Release 2000/08/26 : CIA-RDP61S00137A000100020059-4

c. Special Research

None.

2. Training

Nothing to report.

25X1A9a
25X1A9a
visited Detroit with

and participated in a briefing of the Automobile Manufacturers

25X1X6
25X1X6

4. Administration

25X1A9a

has asked permission to look for a job in another part of the agency.

5. Plans

Nothing new to report.

6. Problems

The branch is short of analysts in the commodity section and will need to take some action soon because no one is currently available to analyze the coal machinery industry of Poland for the Polish NIS.

7. Recommendations

25X1A9a may be necessary to put continuous on the Polish coal machinery job before he finishes his current assignment.
